Please comment on the impact this activity has had on the pupils involved:

Great way to develop Art & Design skills whilst learning about a global issue which the children can relate to. The Art activity allowed for a memorable learning experience whilst putting the children at the heart of their own learning. This activity gave the children a voice and something to be proud of.

If you have been directly involved in this activity please comment on the impact this activity has had on you:

The Art work created has a vital and important message for all, educating us on our own human rights and what we are all entitled to. This piece of Art acts as a visual and symbolic reminder of the message it's trying to portray.

Can you suggest how we might improve this activity next time?

Maybe next time involve some of the younger children EYFS/KS1 in creating some Art work linked to Amnesty International work or any other global matters.

Any other comments?

Lovely to see the children's art work celebrated and displayed in a meaningful way.

Thank you for your time and comments.
